

# QUARTERLY TUBE AND PIPE FORECASTS

Tubes and pipes for oil-and-gas industry, building and machine-building

Alexandr Markov: [a.markov@metalcourier.com](mailto:a.markov@metalcourier.com)  
Buryak Elena: [e.buryak@metalcourier.com](mailto:e.buryak@metalcourier.com)

## **Part 1.**

Price forecast Q1-Q2 2006

pp 2-60

## **Part 2.**

Tube & Pipe rolling capacities  
of the CIS countries

pp 61-69

**February 2006**

# Part 1. Price forecast Q1-Q2 2006

## Contents

Price forecast .....	3
Russian market prospects .....	5
- 2005 results .....	5
- consuming industries: situation and development prospects ...	7
- trends and development prospects of the market segments .	10
- polymer pipes .....	14
Ukrainian market prospects .....	31
- 2005 results .....	31
- consuming industries: situation and development prospects ..	32
- trends and development prospects of the market segments .	34
- polymer pipes .....	36
Major world market prospects .....	41
- USA .....	41
- Europe .....	42
- China .....	43
CIS export prospects .....	51

## List of tables

Tube & pipe market: prices and forecasts .....	4
Russian tube & pipe producers .....	16
Apparent tube & pipe consumption .....	16
Producers' tube & pipe shipment structure .....	17
Figures showing development of consuming industries .....	18
Russian industry development trends .....	18
Annual growth in oil production .....	18
Apparent consumption of some tubes & pipes .....	19
Regional consumption of steel tubes in Russia .....	20
Tube consumption dynamics in the Russian federal regions .....	21
Structure of Russian tube & pipe producers in the regions .....	21
Structure of Russian steel tube & pipe consumption .....	21
Position of integrated companies in the market .....	22
Structure of shipments of OCTG producers .....	23
OCTG export – import .....	23
Russian market of line pipes .....	24
Export – import of line pipes .....	24
Russian market of large diameter pipes .....	25
Export – import of large diameter pipes .....	25
Russian mechanical tubing market .....	26
Mechanical tubing export – import .....	26
Structural pipe & tubing export – import .....	27
Russian steel tube import geography .....	28
Tube & pipe countries- suppliers to Russia .....	29
Countries supplying large diameter pipes to Russia .....	29
Countries supplying welded pipe & tube to Russia .....	29
Apparent consumption of polymer pipe in Russia .....	30
Countries-suppliers of polymer pipes to Russia .....	30
Countries-consumers of Russian polymer pipes .....	30
Producer shipment structure .....	38
Estimation of Ukrainian tube & pipe consumption .....	39
Indexes of Ukrainian consuming industries .....	39
Ukrainian industry development trends .....	39
Ukrainian market of seamless pipes .....	40
Ukrainian market of large diameter pipes .....	40
Ukrainian market of welded pipe & tube .....	40
Apparent consumption of polymer pipes in Ukraine .....	40
Position of CIS suppliers in the world tube & pipe market .....	44
Regional integration level in the world tube & pipe world trade .....	44
Regional tube & pipe import dynamics .....	44
Regional tube & pipe export dynamics .....	44
Range of tubes & pipes purchased by regions .....	45
Range of tubes & pipes exported from regions .....	45
Major tube & pipe countries – consumers .....	45
Major tube & pipe countries – suppliers .....	45
Tube & pipe suppliers to the USA .....	46
Tube & pipe import range to the USA .....	46
Development of basic elements of the EU economy .....	47
Development trends in tube & pipe and tube & pipe consuming industries .....	47
Steel tube suppliers into the EU countries .....	47
Range of tube & pipe import to Europe .....	47
Tube & pipe consumption in China .....	48
Geography of Chinese steel tube & pipe export .....	48
Geography of Japanese steel tube & pipe export .....	49
Geography of Turkish steel tube & pipe export .....	49
Description of region positions in oil-and-gas sphere .....	50
Number of the used drilling rigs .....	50
Length of the pipelines being built and planned by world regions .....	50
World tube & pipe market: prices and forecasts .....	50
Dynamics of tube & pipe export from Russia .....	54
Dynamics of tube & pipe export from Ukraine .....	54
Geography of steel tube export from Russia .....	55
Geography of steel tube export from Ukraine .....	55
Russian tube & pipe export .....	56
Ukrainian tube & pipe export .....	56
Russian seamless pipe export .....	57
Ukrainian seamless pipe export .....	57
Russian large diameter pipe export .....	58
Ukrainian large diameter pipe export .....	58
Russian welded pipe & tube export .....	59
Ukrainian welded pipe & tube export .....	59
Comparative description of Russian and Ukrainian tube & pipe export ..	60
Description of export activity of Russian tube & pipe producers .....	60
Description of export activity of Ukrainian tube & pipe producers .....	60

## Part 2. Tube & Pipe rolling capacities of the CIS countries

### Contents

Development trends of tube & pipe rolling capacities in the CIS countries .....	62
Modernization and range expansion carried out by the CIS tube and pipe producers in 2005 and that are being currently done .....	62

### List of tables

Estimation of tube-rolling capacity utilization of the CIS countries ...	65
Range of tube & pipe producers of the CIS countries .....	66
Diameters of OCTG that can be offered by producers .....	67
- Tubing .....	67
- Drill pipe .....	67
- Casing .....	67
Diameters of structural pipe & tubing that can be offered by producers .....	67
- Seamless line pipes .....	67
- Welded line pipes .....	67
- Large diameter pipes .....	67
Diameters of mechanical tubing that can be offered by producers .....	68
- Stainless pipes & tubes .....	68
- Bearing tubes .....	68
- Boiler tubes .....	68
Diameters of structural pipe & tubing that can be offered by producers .....	68
- Standard seamless pipes .....	68
- Standard welded pipes .....	68
- Water & gas pipes .....	69
- Hollow structural sections .....	69
